BENEFITS OF AMEXOL:

- ✓ Helps to maintain the colour.
- ✓ **Antimicrobial action.**
- ✓ **Prevents lipid and protein oxidation (rancidity).**
- ✓ Add as little impact as possible to the organoleptics of your food.
- ✓ This organoleptic maintenance is supported by taste panels.
- ✓ **Source of the extract clear, known active ingredient.**
- ✓ Longer shelf life of the food due to the synergy with our preservatives.
- ✓ **Improve your company's image with high quality products.**
- ✓ **Higher profitability due to fewer customer returns (your investment has a return).**
